Ms. Carlyn Winter Prisk (3HS62)

U.S. Environmental Protection Agency, Region III

1650 Arch Street

Philadelphia, PA 19103-2029

Dear Ms. Prisk,

In response to your letter received on July 27, 2017. It is not my intention Not to cooperate with the Environmental Protection Agency, but rather that I am willing to respond.

Unfortunately, my circumstances are that I am physically unable to do this by Myself. I must have the assistance of my accountant to give me the correct Information of all my financial doings. I live in Florida and my accountant lives In Pennsylvania. I would have to travel to PA for a few days to consult with him Regarding filing the information that you have requested and the costs involved For travel and professional fees.

To make things more difficult, I am 80 years old in September and am ill. I Have Stage 4 kidney failure and have lost all but one half of one kidney to Cancer (bi-lateral renal carcinoma). Have had double heart bypass and have a Pacemaker. I am diabetic and my left knee needs to be replaced, and am in pain Most of the time and it is very difficult for me to walk. I must use a cane or Walker to be mobile.

My doctors have advised that my condition is
Not conducive to knee surgery and am considered
Too high risk to do this. I have a state certified nurse that comes
To my house 3 days per week to assist me and my wife takes
Care of me the remainder of time including weekends. I need
Care full time including doctor's visits for heart, diabetes, gastro,
Orthopedic, Retina specialist, Internist, chiroprapist, nephrologist,
And Hematologist.

In regard to Clearview Land Development Co., Inc. This corporation has
no assets, no bank account and is a defunct Corporation since 1979.

No Records exist to the best of my knowledge. Killen Disposal has
Only one asset that is now a closed landfill at Darby Township that ground is
Now a Superfund site and is not worth anything. So my Accountant has
Not filed tax returns, has no bank account, no assets and the ground is
Leased to Richard Heller for \$000,00 per year. I will ask that all litigation be
Sidelined until I can arrange to meet with my legal counsel and Accountant
Within the next 4 or 5 months.

Yours Truly,

A handwritten signature in black ink, appearing to read "Richard Heller", with a stylized, flowing script.
